The will of Mrs. Fannie E. Fox, dated July

A. Fox.

She appoints Condit Daugherty as Executor.

\$50,000,000 MORTGAGE

Now Being Recorded in the Mason
County Clerk's Office

"Now being recorded" is all right, for Mr.
Madison Lindsay, one of County Clerk Wood's
clever Deputies, has already spent a day on it,
and there are several more days coming his
way.

There is now going on record here a mort-
gage for \$50,000,000, made by the Louisville
and Nashville Railroad Company to the United
States Trust Company of New York, Trustee.

It covers 52 printed octavo pages, and has
to be recorded in every county traversed by
the L. and N. in five states.

The bonds draw 4% interest in gold, and are
due May 1st, 1955.

NEAR DEATH'S DOOR

Theodore Hallam, Lawyer and Wit,
Dying at Covington

The life of Theodore Hallam, one of the
best known lawyers and keenest wits in Ken-
tucky, is slowly ebbing away at St. Elizabeth's
Hospital, Covington, and the end is momentarily
expected.

Mr. Hallam's reputation as a wit extends
far beyond his own state, and his death will
be universally mourned.

He is the one prominent Kentuckian who
disowned a title, and one of his treasures is
the commission issued to him by Governor J.
Proctor Knott, appointing him a member of
his staff with the rank and title of "Mister."

CALEB POWERS TRIAL

Will Probably Be Set For Next Week
at Georgetown

Yesterday, on motion of Commonwealth At-
torney Franklin, Judge Stout of the Scott
County Circuit Court issued an order to the
Sheriff to go to Louisville and take Caleb Powers
into Court at Georgetown Wednesday morning,
when the mandate of the Court of Appeals, re-
versing his case and ordering a new trial, will
be read.

Former Governor Yates of Illinois, who will
appear in defense of Mr. Powers, has been
sworn as an Attorney at the Scott County Bar.

It is probable that Powers's trial will be set
for next week, and the hearing will extend over
several weeks.

Cartmell extracts teeth without pain.

Mr. H. L. Hamilton has erected a mammoth
billboard at Second and Bridge streets.

The will of T. K. Ricketts, Jr., which was
probated yesterday, leaves all his real and per-
sonal property equally to his sisters, Anna P.
and Elizabeth C. Ricketts. It is dated Decem-
ber 2d, 1903.

Alex. Hargis is the last witness who will be
introduced by the defense in the Hargis murder
trial at Lexington. After the cross-examination,
the prosecution will consume about a day with
rebuttal evidence, and the case may go to the
Jury by tomorrow or Thursday.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has
written the manufacturers that much better re-
sults are obtained from the use of Chamberlain's
Colic, Cholera and Diarrhoea Remedy in cases of
pains in the stomach, colic and cholera morbus
by taking it in water as hot as can be drunk.
That when taken in this way the effect is double
in rapidity. "It seems to get at the right spot
instantly," he says. For sale by all Druggists.

The Caleb Powers Defense Fund now amounts
to \$8,754.95.

Beware of Ointments For Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell
and completely derange the whole system when
entering it through the mucous surfaces. Such
articles should never be used except on prescrip-
tions from reputable physicians, as the damage
they will do is tenfold to the good you can possi-
bly derive from them. Hall's Catarrh Cure, man-
ufactured by F. J. Cheney & Co., Toledo, O., con-
tains no mercury, and is taken internally, acting
directly upon the blood and mucous surfaces of
the system. In buying Hall's Catarrh Cure be
sure you get the genuine. It is taken internally,
and made in Toledo, O., by F. J. Cheney & Co.

EDITOR KNOTT has lost his case against the toughs of Louisville. He is plunking them with Scripture Texts.

If the Chicago hoodlums aren't careful, "TEDDY" may give them just such a dose as President CLEVELAND gave them in 1894.

SPEAKING of watermelons, how would it do for "Lord Mayor" DUNNE to apply his "muneecepal ownership" fad to the teaming business in the Windy City?

THE disposition of ashes is a problem with which Cincinnatians are now wrestling; but it's the acquisition of the stuff that makes ashes that's puzzling we'uns.

THE "Lord Mayor" of Chicago seems to have his hands full with the rioting striking teamsters. It's too bad, and it may prevent him from at once carrying out his policy of municipal ownership.

ANDREW CARNEGIE has given the enormous sum of \$140,912,000 to various Colleges, for libraries, &c.; but I'll wager a hard boiled egg that GEORGE PEABODY's gift of £500,000 for the poor of London has already done more real good than all CARNEGIE's gifts ever will do.

A WOMAN down in Dayton has sued the Chesapeake and Ohio Railway Company for \$10,000 damages because she was carried past her station and put off at Springdale. There are such clever people living there that she ought to have been willing to pay something for the privilege of spending a few hours with them.

A DISPATCH from St. Louis says law and not fashion will dictate the headgear of the women of Missouri after Representative WALMSLEY's Fish and Game Bill goes into effect June 16th. The plumage of only a few birds is allowed by law to be used in decorating hats, and thousands of dollars of forbidden feathers and bird bodies in St. Louis, Kansas City and St. Joseph stores will become contraband. Only the feathers of domestic birds, such as ostriches, chickens and ducks, may be used, while the wild birds allowed milliners are confined to English sparrows, hawks, owls and crows. The penalty is a fine of \$25 for each offense.

BABY'S AWFUL ITCHING ECZEMA

Sores All Over Face and Body—
Could Not Tell What She Looked Like—Unable to Sleep—Grew Worse Under Doctors.

CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following letter, tells of another of those marvelous cures by Cuticura: "When my baby was four months old her skin broke out with a humor. I took her to a doctor, who said it was eczema. He gave me medicine to give her, but she kept getting worse all the time. Her little face and body were so covered with sores and large scales you could not tell what she looked like. No child ever had a worse case. Her face was being eaten away, and even her finger nails fell off. Then it itched so she could not sleep, and for many weary nights we could get no rest. At last we got Cuticura Soap and Ointment, first bathing her in warm water with the Soap, and then spreading on the Ointment with soft cloths. I saw a change in a week. The sores began to heal, and she could sleep at night, and in one month she had not one sore on her face or body. Any mother having children with eczema or humors will find a friend in Cuticura Soap and Ointment. (signed) Mrs. Mary Sanders, 709 Spring St., Camden, N. J., Aug. 14, 1904."

The foregoing statement justifies the oft-repeated assertion that Cuticura Soap and Ointment afford instant relief, and permit sleep for baby and rest for tired mothers, and points to a speedy, permanent, and economical cure, when all else fails, in the most torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin, and scalp humors.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Boston, Sole Agents.

A memorial, containing the names of 600 wives, mothers, daughters and sweethearts, was presented by Hon. W. H. Wadsworth, representing the Woman's Club. The petition reads as follows—

To the Honorable Mayor and Board of Council City of Maysville—Gentlemen: We, the undersigned women, citizens and residents of the city of Maysville, most respectfully and earnestly present for your careful consideration the following suggestions, which we think you will find conducive to, if not absolutely necessary for, the cleanliness, health, comfort and promotion of the morals of our city:

First—Adopt an ordinance against expectorating on sidewalks, in public places and in streetcars.

Second—Provide for a general and thorough cleaning of the streets and alleys of the city and for a plan for the general sprinkling of the streets; have all ashes, tin cans and other rubbish and garbage removed from all streets and alleys and public places, and provide suitable receptacles for depositing such things and have same removed each day except Sunday.

Third—Enforce the Curfew Law. See to it that the boys and girls affected by the law do not roam the streets unattended beyond a reasonable hour at night.

Fourth—Insist that all officers charged with that duty are vigilant in preventing boys from entering saloons, and in reminding proprietors of saloons that they must not transact saloon business on Sunday.

Mr. Wadsworth spoke feelingly and at length in regard to the petition, calling attention to the fact that the good women of the city were the safety valves of the morals of the community, and that it was the mothers and sisters who were raising their voice and trying to save the wayward youth from his downward course to inevitable destruction and a dishonorable grave.

Members Derach, Frost and Eitel spoke of the utility of the movement.

The petition went to the Law and Ordinance Committee, which is equivalent to saying "Good-bye, John."

The City Physician reported the Almshouse in its usual well kept condition.

The salaries of the city officers, together with monthly accounts, were allowed.

The Redmen were granted the use of the following streets during Powwow Week, the same to be under the supervision of the Mayor, Chief of Police and Committee from Redmen—Market, Sutton, Wall, Limestone, Second, Third, Fourth, between Wall and Bridge streets.

The Limestone Real Estate Company, having tendered the city the gift of Huston and Elizabeth streets, the City Attorney was instructed to draw up an ordinance accepting said streets.

Mr. Parker of the American Tobacco Co. addressed Council in behalf of more and better fire protection for the big plant. It was ordered that proper steps be taken at once to provide for the needed protection.

Mr. James Rains suggested that Council has the Wall street sewer inspected and if need be cleaned out.

The Mayor was authorized to dispose of four emergency bonds of \$500 each to provide for current expenses.

It was ordered that a nozzle be purchased to supply a long felt want in Bob Frost's West End Fire Department.

On motion, it was ordered that the Chief of Police notify the Gas and Water Companies that in future they must secure a permit from the city before digging up the streets.

The following were chosen as a Board of Supervisors: Henry Derach, John Hays and W. A. Tolle.

Adjourned.

THE BOER WAR

Exhibition to Be in Maysville Tomorrow at 2:30 and 8:30 P. M.

The big Boer War Spectacle, just as it was produced at the World's Fair last year, is to be in Maysville tomorrow for two exhibitions at the Ball Park at 2:30 and 8:30 p. m.

In the exhibition, in addition to General Cronje, the Boers are commanded by fifteen officers, all of whom took a leading part in the great struggle for their country. Other distinguished Boer leaders who will be seen are Commandants J. N. Boshoff, a grandson of a late President of the Orange Free State and who held command of President Stein's bodyguard; Commandant G. M. Van Dam, for several years in command of the Transvaal Mounted Police; Commandant G. Mare, Chief of the Red Cross Corps; Nick Van Gas, known as the one-armed hero of Spion Kop, and Captain O. J. Hindon, who bears a brilliant record.

The Boers are all mounted, with the exception of the members of the Transvaal States Artillery, who ride on the cannon, and the famous States Artillery Band, some forty pieces strong.

The British are also commanded by officers who held commissions for their country in South Africa. The contingent is composed of cavalry, mounted infantry, artillery, a large detachment of Scottish Highlanders, a Naval Brigade, with two guns and an ambulance corps.

There are also South African mule and ox-wagon transports, ammunition wagons and Cape carts drawn by four-in-hand teams. Also a number of Boer women and children, and a party of South African Natives, Zulus, Basutos, and Kaffirs, the whole forming by far the largest and most genuine organization ever gotten together as an amusement enterprise.

Everything is carried out on strictly military lines, just as if they were on active campaign.

Another Failure

Connecticut Valley Farmers Have Enough of Shade-Grown Tobacco

"The tobacco experts of the Bureau of Soils see no reason to change their belief that the method of growing tobacco under shade in the Connecticut Valley will produce a wrapper leaf of great excellence, which can be economically used by the trade, and it would seem that the industry should be established upon a commercial scale."

This abstract from the recent report of James Wilson, Secretary of Agriculture, has set the tobacco growers of the Connecticut Valley talking, says a Hartford telegram to The New York Herald, and many of them are not in the least backward about criticising the United States Government for backing up an enterprise which they say has already failed, and thus misleading farmers and others into investing their money where they are practically sure of losing it.

The report of Secretary Wilson will have little weight with the practical growers, however, for by bitter experience they have learned to trust to their own knowledge rather than to the reports of men sent to Connecticut by the Government.

Growing of shade tobacco in Connecticut has been a failure, and there is scarcely a grower in the state who will not frankly say so. Of course, there are a few who still have some of the tobacco in their barns, which they are anxious to dispose of, and they will say little until this is sold. Then they will be among the loud-talkers.

A rough estimate of the money lost during the last four years by tobacco growers in the Valley on tobacco grown under cloth is \$1,000,000. Among the heavy losers have been Olds & Whipple, of Hartford; W. S. Pinney, of Suffolk; the International Tobacco Company and the United States Sumatra Tobacco Growing Company. The last Company failed, and is now out of business. There have been several failures because of money invested in Sumatra tobacco.

REDUCTION OF ACREAGE.

The greatest proof that shade-grown tobacco is a failure is shown by the reduction in acreage. Half an acre was grown in Poquonock in 1900 and in 1901 forty-seven acres were grown. This was increased to seven hundred in 1902, and in 1903 close to eight hundred acres were cultivated under cloth. There was an awakening last year, and less than fifty acres were grown, while all accounts indicate there will not be a dozen acres of the tobacco to cut in the Connecticut Valley next fall.

"If as Secretary Wilson's report says, shade-grown tobacco can be grown with profit, why should the farmers pull up stakes and go back to the Havana seed and broad leaf tobacco, which is grown in the open?" is the question the farmers themselves ask when declaring that the report is misleading and erroneous.

The one great reason why shade-grown tobacco is not a success in the Connecticut Valley is because there is practically no market for it. The early crops brought big prices, but

most of it was bought for experimental purposes. The price, therefore, was no criterion as to the real value of the tobacco. It led many persons to invest their money, however, only to lose it.

The sale of the first crop of 1900 did considerable of the business, and the genuineness of this sale is still questioned. The tobacco was sold to Joseph Mitchellson of Tariffville. He set his own price on it, which was extremely high—as high as \$2.50 a pound for the best grade, while the average price was more than \$1.50 a pound.

From forty-seven to forty-eight acres of the 1901 crop was sold at auction in May, 1902, and brought as high as \$2.25 a pound. This was sold in small lots, however, and was purchased by tobacco packers, who wished to experiment with the new leaf. The Government reports meanwhile told of the great prices the tobacco was bringing, and one after another the farmers rushed into it.

After the first sale to Mr. Mitchellson the Government's report showed how 2400 could be made by growing Sumatra tobacco under cloth. The fact that the crops would not be ruined by hailstorms also led the farmers on, and the cotton mills had to run overtime, so enthusiastic were the growers over the "get-rich-quick" scheme.

The new railway station to be built at Leipzig, Germany, will, it is expected, cost \$37,500,000, and be the largest in the world.

Colonel Bennett H. Young and others presented to Governor Beckham a petition bearing the names of 25,000 persons asking for a commutation to life imprisonment of the death sentence of George Warner, who killed Pulaski Leeds in Louisville.

The "yellow streak" in soap—as in people—proves lack of character. The yellower a soap the more rosin it contains—and the less cleaning power. EASY TASK is all soap—pure—white—durable. It will do twice the work of the yellow kind with less labor. 5c at all grocers'.

Many More Like It In Maysville.

The following case is but one of many similar occurring daily in Maysville. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

C. L. Hubbard, employed in Cablish's grocery, Cox Bldg., and living at 325 W. Third street, Maysville, Ky., says:

"As I stated in a testimonial given in 1900, Doan's Kidney Pills brought me positive relief from inflammation of the bladder and a disturbed action of the kidneys. After some time I felt a slight return of the trouble but again used Doan's Kidney Pills and again found complete relief. Now, after nearly five years I feel able to recommend Doan's Kidney Pills with even greater confidence than before. The results of its use in my case have been very satisfactory. I got the remedy at J. Jas. Wood & Son's Drugstore.
